	Off	1.3**		Off	3.1**
Scanner	On	9.6*	VCR	Not Play On	7.8*
	Off	2.5**		Off	4.7**
Stereo	CD Playing	6.8			
	CD Not	4.4*	Amplifier	Playing	39.0
	Off	1.7**		On Not Play	34.0*
Coffee Make	Off	1.1		Off	0.3*
Copier	On	9.6*	Dig Cable Box	On TV On	29.6
	Off	1.5**		On TV Off	24.7*
Power Tool Cordless	Ready Active	29.6		Off by Remote	17.8**
	Ready Charged	8.3*		Off by Switch	17.5**
	Ready No Batt	1.7			
Comp. Monitor	On	27.6			
	Sleep	1.4*			
	Off	1.1**			

The “off” wattage is when the machine is shut off at its switch but not at the power strip switch. Power is still being drawn. (Phantom Power)

* Failing to shut the unit off at its switch when not in use wastes a lot of power.

** Even if the appliance is shut off at its switch it still draws power
